

17 December, 2024

Cirrus Logic, Inc. ("Cirrus") is committed to the highest standards of product quality and business integrity in all relationships. As such, Cirrus follows generally accepted industry standards for process / product change notifications (PCN) and any product discontinuance (End of Life, EOL).

Customers are notified for any changes that are classified as "Major" with a 90-day target review period. "Major" changes are classified as any change that affects product form, fit, function or reliability.

Customers are notified for any product EOL with a minimum of 180 days from the date of notification to place final orders and 360 days from the date of notification to receive final shipments. If a situation were to arise that would require Cirrus to EOL a product(s) that did not meet the stated time as listed above, customers will be given as much notice as possible.

A handwritten signature in black ink, appearing to read "Jeff Daniels".
